# THIS IS WHY

Your patients can have excellent deposit protection, now with longer-lasting moisture<sup>1,2\*\*</sup>

The excellent deposit resistance of AIR OPTIX® brand contact lenses, **now combined with the enhanced moisture benefits of HydraGlyde® Moisture Matrix**, designed to keep the lens surface moist throughout the day.<sup>1,3†</sup>

Featuring proprietary AIR OPTIX® brand lens technology, which has demonstrated

**CONSISTENT COMFORT FROM DAY 1 TO DAY 30<sup>4</sup>**

## PERFORMANCE DRIVEN BY SCIENCE™

<sup>\*\*</sup> Compared to AIR OPTIX® AQUA contact lenses. <sup>†</sup> Compared to Senofilcon A lenses, Balafilcon A lenses, Comfilcon A lenses, and AIR OPTIX® AQUA contact lenses.

## Lens care inspired by the biology of your eyes\*

**Biotrue Multi-Purpose Solution helps keep lenses moist for up to 20 hours<sup>1</sup>, and:**

Matches the pH of healthy tears<sup>2-4</sup>

Utilises hyaluronan, a natural lubricant found in the eyes<sup>4,5</sup>

Removes protein build-up and keeps certain beneficial tear proteins active<sup>1</sup>

Kills 99.9% of germs through a unique dual-disinfection system<sup>1</sup>

**Recommend the solution that makes lens wear easier on the eyes**

**NEW** Avaira Vitality™

# The effortless upgrade.

**55% WATER  
CONTENT + CLASS  
1 UV FILTER**

**NEW Avaira Vitality™ contact lenses offers all the great benefits of Avaira® and more.** Similar long-lasting comfort, excellent performance and vision quality, but now enhanced with higher water content and improved Class 1 UV protection. All at the same affordable price.

It's also easy to fit, allowing a seamless refit with no extra chair time, so switching your Avaira® patients to Avaira Vitality™ is simply effortless.

**Ask your CooperVision® Area Business Manager about NEW Avaira Vitality.™**

## *Can't focus on your patients while your paperwork piles up?*

**A**re you struggling with large book debt, inefficient administrative systems and unhappy patients?

Let **Eminance™** powered by Health Focus improve your day to day efficiency, your relations and communication with your patients and, as importantly, improve your profit potential.

Accurate, reliable and easy to maintain, **Eminance™** powered by Health Focus is leading-edge practice management software designed specifically for the healthcare environment.

From day clinics to independent optometrists, private medical practitioners, radiologists and physiotherapists.

Like you, we focus on continual development. Enhancing and improving our software – at no extra cost – so our customers can reap the benefit of our on-going research and development.

Call now and discover your return on investment that starts from the moment you make your first patient booking.

*Systematically improving your practise's profit potential*

## BEST OPTICAL DESIGN

The design of a lens determines how it will function. Do you need to see far away? Up close? Or both? Nikon's advanced technologies in precision and customisation are an essential part of ophthalmic lens design to give you clearer, sharper and distortion-free vision.

# I SEE THE NIKON DIFFERENCE

## BEST COATINGS

The primary roles of coatings are to control light and reduce reflections. Coatings are applied to the outer layer of lenses also with the aim of repelling water and oil, preventing static electricity and improving scratch resistance. In the case of eyeglasses, cleaner, clearer, sharper and more durable lenses are brought by Nikon's coating technologies.

Clean

Dust free

Blue cut

Clear

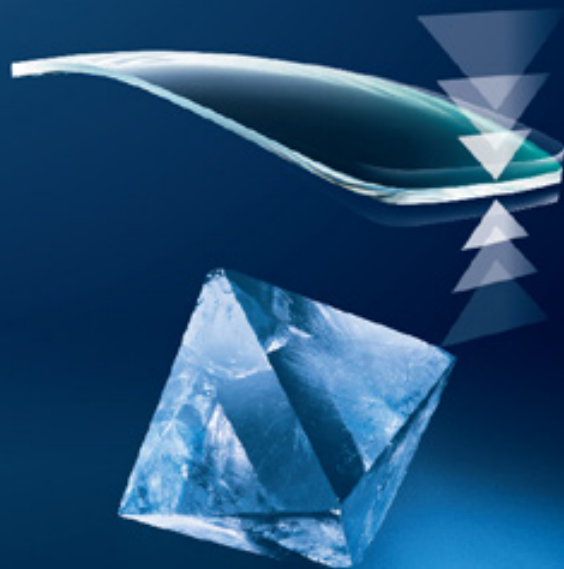

Tough

UV cut

## BEST MATERIALS

Purity and homogeneity are very important factors for lenses to have a high level of transmittance in order to sufficiently let through the light. Nikon has been involved in the development of materials for a wide range of optical products to meet a wide array of needs. Thanks to this know-how Nikon is known for producing some of the thinnest and clearest ophthalmic lenses.

# PROFESSIONAL FEES

Copyright© 2016 SB Media Promotions cc

Effective Date: 1st September 2016 Version 2016\_3\_2

Fees are inclusive of 14% V.A.T

**Legend used in CHANGE\* Column:**

**N = NEW X = DELETED S = DESCRIPTION CHANGE**

**P = PRICE CHANGE N/A = PRICING NOT AVAILABLE FROM SUPPLIER**

## Per Eye

♦ Indicates that the fee is "Per Eye". If performed on both eyes, charge 2 x

## Can charge in isolation

♦ Indicates that the procedure can be charged without doing an Eye Examination (11001/11081)

## Additional to 11001/11081

♦ Indicates that the procedure can be charged in addition to a regular Eye Examination (11001/11081)

## OPTOMETRIC EXAMINATIONS

The purpose of the Optometric Examination is to determine the status of a patient's visual system or to refer to the appropriate health care professional where necessary.  
The S.A.O.A. Minimum Standard of Care applies.

| Code  | Description  | RVU   | OPTICAL ASSISTANT |                    |        |
|-------|--|-------|-------------------|--------------------|--------|
|       |  |       | Private Tariff    | Medical Aid Tariff |        |
| 11001 | Optometric Examination   | 30.00 | 550.00            | 482.00             | 413.00 |

| 11021 | Optometric Re-Examination within six months of 11001/11081             | 20.00 | 366.00            | 321.00             | 272.10 |
| 11041 | Consultation (15 minutes) without performing an Optometric Examination | 15.00 | 275.00            | 241.00             | 204.00 |

## DIAGNOSTIC PROCEDURES

Diagnostic procedures are done and charged in addition to an Optometric Examination (11001 to 11041).  
These are therefore additional procedures based on findings arising out of the Optometric Examination.

## PROCEDURES DONE IN ISOLATION

These are generally follow-up procedures or specific requests by patients or medical practitioners. The clinical rule that applies is that these codes may be listed as a professional fee in isolation but may not be charged in conjunction with Optometric Examinations.

Please note that the sum total charged for such procedures done in isolation may not be more than an Optometric Examination (11001).

## CONTACT LENS PROFESSIONAL FEES

PLEASE NOTE THAT THE COMPLETE CONTACT LENS FITTING FEE (Includes Dispensing & 6 months aftercare) HAS BEEN DISCONTINUED.

Contact lens fees are now specified and coded per visit.

The terms Basic; Complex and Advanced are defined by factors such as time; skill; degree of difficulty and case type:

|             |  |
|-------------|--|
| Basic       | Up to 4 visits may apply for an initial (first time) fit.<br>Myopia < -8.00D Hyperopia < +4.00D Low Astigmatism.   |
| Complex     | Up to 6 visits may apply for an initial (first time) fit.<br>Myopia > -8.00D Hyperopia > +4.00D Extended Wear & Toric Lenses   |
| Advanced    | Up to 8 visits may apply for an initial (first time) fit.<br>Bifocal / multifocal; Bitoric; Haptic; Post PKP; Post Lasik; Post RK; Reverse Geometry / Orthokeratology and Keratoconus. |
| Therapeutic | Therapeutic Contact lens procedures are used for conditions where functional vision cannot be obtained with spectacle lenses   |

## BINOCULAR VISION/ORTHOPTICS

These evaluations are done in addition to an Optometric Examination. Special examination techniques apply to this area of expertise. The differentiating factor regarding Simple and Complex cases is by default: Complex cases have to do with Eccentric Fixation and / or Anomalous Retinal Correspondence.

## LOW VISION

The Low Vision Assessment examination is performed in addition to a visual examination where patients present with visual acuity that is worse than 6/18 or visual fields that are severely restricted. The reason being that such a visual examination is performed with a different approach to the conventional visual examination (both psychologically and clinically). In addition to the low vision assessment further Procedures done in isolation are necessary in order to determine what device and training is required as treatment. Please note that special examination techniques apply to this area of expertise.

## *IN THE DIGITAL LENS REVOLUTION*

The combination of the Camber variable base curve front surface and the enhanced digital back surface design creates an advanced digital progressive that provides remarkable visual acuity in every viewing zone.

### WHO?

- Wants an advanced digital progressive that provides remarkable visual acuity in every viewing zone
- Wants full individualization, customization and the latest technology
- Requires a wider reading area that is easier to find

### WHY?

- Premium digital lens with high optical performance and expanded Rx range
- Advanced digital back surface
- Easier adaptation for most wearers
- Expanded reading zones with improved peripheral vision
- Flatter lenses allow better frame compatibility which is more cosmetically appealing
- Available in a wide range of materials and indices.

# The future of vision examination

HOYA

EYEGENIUS

## The intelligent solution for fixation disparity

Hoya EyeGenius is a complete, clinically validated vision examination system, that incorporates a unique new method for detecting fixation disparity. It is the fastest solution on the market today, delivering the ideal procedure in under ten minutes.

The system is supported by a range of advanced products to help correct fixation disparity at the highest rates of adaptation.

Position yourself as a refraction specialist and improve sales and customer experience with this unique, interactive procedure.

Go to [hoyagallery.com](http://hoyagallery.com) for more information.
